Required for Taluk Schools for 1904-05

Required	Pays	Remarks
		The girls' School Committee recommend that a singing master should be sanctioned for the school
6		The number on the roll has risen from 100 to 150 as 3 out of 4 passed in the L.S. Examination. This increase in the number of girls requires the appointment of an additional U.S. teacher. Needle work is a compulsory subject for the L.S. Examination and the services of a sewing mistress are necessary. & also those of a peon to take the girls from & to the school. ~~The Deputy Inspector, Kolar recommends a teacher for Home instruction to Purdah girls on Rs 5 a month~~
		There being only one teacher & 24 boys in the school the appointment of an additional teacher is necessary
		The present mistress is overworked & the classes suffer for want of supervision
		The girls school Committee recommend that a singing master on Rs 10 a month may be sanctioned as it is difficult to get trained men for a pay less than 10
3		The school has 7 classes & 100 boys on the roll & is provided with a latrine & a verandah is quite necessary
2		The Muhammadans of Chetta Palli have been asking for an English teacher for the last 3 years
		At Balagar where the Taluk Cutchery is situated is within the municipal limits of the town of Kolar and the Taluk school is at a distance of about 2 miles, the children of the residents of Balagar cannot conveniently attend the Taluk school at Kolar especially in the rainy season which lasts for more than 4 months in the year. It is therefore proposed to open a Kannada branch school at Balagar with a Vernacular teacher on Rs 12 a month. About 20 pupils are likely to attend the school if one is opened as proposed. The Officials of Balagar have been asking for a branch school for the last three years

Remarks

As the strength of the English classes of the School is likely to rise from 91 to 120 and as both the English I & II classes will have to be divided into two divisions, an additional English Pandit is needed. The Chikmagalur Anglo V School is one of the most flourishing schools in the Province the average monthly fees paid in to the Treasury amount to more than 60 Rs and the No number on the rolls is 202. There is too much work for one person who has to be present from 6 A M in to 6 P M without an interval

} are similar schools elsewhere allowed one peon each

The Dy Commissioner of Shimoga has been praying for a water man out of his own pocket. At present he has an old charwoman who fetches water. Both Masters and the girls are sent to fetch it, inconvenience for want of drinking water. One Brahmin and one Lingayat watchman should serve the students of the Anglo V School and the Normal School are wanted.

Same as for 2654

The various classes of the School are engaged from morning 7 O'clock to evening 5 O'clock and any peon has to be present all the time. So that appointment of a sweeper at least is necessary. There is no Cholera for at present Plague, reports in the town and the surroundings of the School have to be kept

							Kannada Assistant	7					School	
								62				49		
								744				588		

The School is held in three different buildings and the appointment of a sweeper is very necessary to keep the buildings clean.

2. The Head Master does not seem to be quite up to the standard required for that appointment. I would not recommend his being replaced by a new man, as he is well acquainted with the wants of the Mahammadan boys of the School. The appointment of a Hindustani teacher knowing English will obviate the necessity of having an A.V. School in course of time.

The Head Master is the only Master that has to teach English to the classes there are 33 boys learning English in the School. An Assistant on Rs 15/- is required besides a Kanarese Assistant on Rs 7, for the infant classes
